

ALL

MATERIAL SUPPLY

WE'LL DO IT, TOGETHER!

WHO WE ARE

In the aerospace supply landscape, ALL MATERIAL SUPPLY places itself among the young and flexible companies. Founded in 2020, it has been able to adopt an innovative approach to the market, securing contracts with leading companies in the sector.

The company team is formed by highly specialized figures, who are able to combine an over thirty years old experience in the aerospace industry and an open mind to the challenges of tomorrow.

Customer requests are handled professionally, with attention to detail, starting from the initial quote (RFQ) to the delivery of the material, never forgetting the products quality and documentation.

The entire process is tracked in order to assure precision and fluidity at every stage of the supply course, always supervising and paying attention to the problems and the needs that could emerge.

**PROFESSIONALISM AT YOUR SERVICE!
PRODUCT SAFETY AND CERTIFICATION.**

Satisfying the customers and improving the products/services to increase the quality and ensuring the integrity of industrial supplies

ALL

MATERIAL SUPPLY

Skills, competences and development

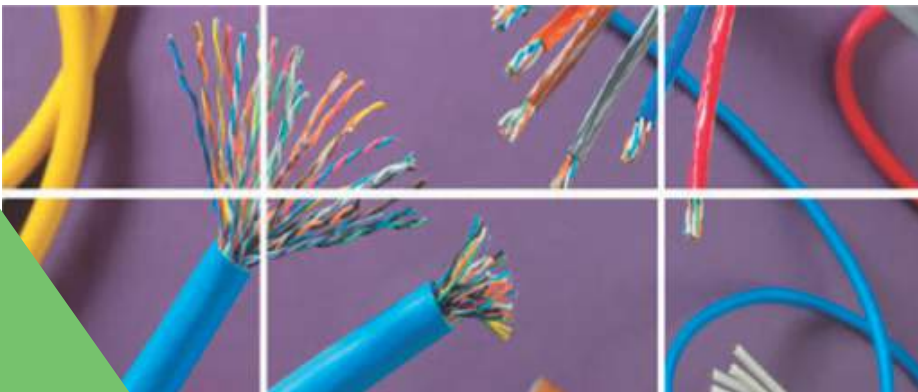

All Material Supply provides, through its Partners, raw materials, spare parts and components for the following industries:

- **Aerospace**
- **Space**
- **Automotive**
- **Railway**
- **Oil and Gas**
- **Medical**
- **Naval**
- **Energy**

Electrical materials

- **Electrical cables (mill spec)**
- **Connectors (mill spec)**
- **Contacts (mill spec)**
- **Electromechanical components (switch, relais)**
- **Cables Customization**
- **Electrical components distribution**
- **Cable assemble**
- **Structures (cases, shelves, racks)**

Raw materials

- **Aluminium**
- **Steel**
- **Stainless steel**
- **Nickel alloys**
- **Titanium**
- **Bronze**

AERONAUTICAL AND COMMERCIAL RAW MATERIALS WITH ANY SPECIFICATION AND FORMAT.

ROUND and FLAT BARS, SHEETS, PLATES and FORGINGS elements, for the following alloys:

Aluminium

- 2024
- 7075
- 7050
- 6061
- 5052

Steel

- 17-4PH & 15-5PH
- 13-8MO e 13-8 Supertough®
- 4340M (300M), 4330M, 4340 VAR
- Cronidur 30®
- Custom 455® & Custom 465®
- 440c & 440c VAR

Titanium

- 6AL-4V
- 6AL-4V (ELI)
- COMMERCIAL PURE (ALL GRADES)

SUPER ALLOYS

- Cobalt Alloys
- Nickel Alloys
- Hastelloy® Alloys
- Inconel® Alloys
- Incoloy® Alloys
- Nimonic® Alloys
